***Medshield,
where your healthcare journey
and our commitment intertwines***

Medshield Medical Scheme - Your Healthcare Partner for Life

Established in 1968 we are a trusted name in the healthcare cover industry. As a member of Medshield you can Live Assured knowing you have a healthcare **Partner for Life**.

- **Affordable Benefit Options** (9), innovatively designed to provide consistent cover for different healthcare needs and trends throughout life.
- **Highly effective managed care programmes** focussing on members' health and wellbeing.
- **Solid relationships with healthcare professionals and hospital groups** nationally enable easy access to care.
- **Innovative healthcare programmes** and extra value benefits focusing on members' health and wellbeing.
- The Scheme has a commitment to service excellence embodied in the **tailor-made approach to servicing and client retention activities**.
- The Medshield website login zone and the Mobile App **online platforms are available to service our members, at their convenience** – 24/7.
- The Council for Medical Schemes (CMS) **confirmed Medshield's Self-Administration Accreditation**. This means that we are able to keep our member contributions low, whilst ensuring the financial stability of the Scheme since we do not pay a separate organisation to administer the Scheme.
- As a **not-for-profit entity**, we are solely constituted for our members. Medshield has a very low administration fee.
- Medshield is **ISO 9001:2015 certified** which means our Quality Management System is of International Standard and delivers on member satisfaction – proving that our service structures is effective.
- The Scheme is **accredited as a Financial Services Provider** with the Financial Services Conduct Authority. This enables our registered representatives to provide financial advice to members to suitably address their unique, individual healthcare needs.
- Medshield has a **proven claims-paying ability** with an AA- GCR-rating for the 16th consecutive year.
- **Strong solvency rate/reserve is testament to financial stability** enabling the Scheme to subsidise portions of the annual contribution increases and provide **more benefits to members at a lower cost**.

MediCurve Benefit Option

If you are tech-savvy, young and healthy, then **MediCurve** is the ideal first-time option for you! MediCurve provides generous hospital cover in the MediCurve Hospital Network combined with unlimited virtual Family Practitioner consultations and essential optical and dental cover through network providers.

Dental Benefits

Important Member Information

Information members should take note of:

Carefully read through this Guide and use it as a reference for more information on what is covered on the **MediCurve** option, the benefit limits, and the rate at which the services will be covered:

Gap Cover

Gap Cover assists in paying for certain shortfalls not covered by the Scheme based on the Scheme Rules. Assistance is dependent on the type of Gap Cover chosen. Medshield members can access Gap Cover through their Brokers.

Online Services

It has now become even easier to manage your healthcare! Access to real-time, digital applications allow members to access their medical aid information anywhere and at any time.

1. The Medshield Login Zone on www.medshield.co.za.
2. The Medshield Member App: Medshield's Apple IOS app and Android app are available for download from the relevant app store.
3. The Medshield Short Code SMS check: SMS the word BENEFIT to 43131, and receive a summary of available benefits. Mobile charges may apply.
4. Medshield E-Card: SMS the word "card" to 44292 and you will get an immediate response with a link to your electronic card. To open the link use the pin sent to the phone number registered with Medshield. Mobile charges may apply.

Use these convenient channels to:

- View your membership card digitally
- View your monthly statements
- View your current claims
- Submit a new claim
- Submit a query
- Update your contact details
- Access the document library
- View your authorisations
- Request a dental or hospital authorisation
- Access your tax certificate and member certificate
- Access the Provider Locator to search for healthcare professionals or establishments
- View the Scheme Rules; and
- Access the Virtual GP Consultation platform

Contributions and Claims

Monthly Contributions

MEDICURVE OPTION	PREMIUM
Principal Member	R1 584
Adult Dependant	R1 584
Child	R1 584

Impacted Teeth, Wisdom Teeth and Apicectomy	R4 000 upfront co-payment
Hysterectomy	R5 000 upfront co-payment

Please note: Failure to obtain an authorisation prior to hospital admission or surgery and/or treatment (except for an emergency), will attract a 20% penalty, in addition to the above co-payments.

*No In-Hospital Endoscopic procedural co-payment applicable for children 8 years and younger.

Medshield Hospital-at-Home Benefit

All Medshield members are entitled to cover for Prescribed Minimum Benefits (PMBs), irrespective of your chosen benefit option. Medshield's Hospital-at-Home service, delivered by Quro Medical, offers safe alternatives to hospitals as the centres of patient care and management. The Hospital-at-Home service gives members the option to receive active treatment for a specified period at home instead of a general hospital ward, without compromising on the quality of care.

Hospital-at-Home will not replace the quality care that only a hospital can provide, but should be seen as a complementary service in specific instances. In fact, research shows that patients recover better and faster in their own homes – resulting in improved health outcomes and a more positive experience. Some patients are more vulnerable to hospital-acquired infections and developing new health complications. Therefore, they may benefit from receiving care at their home. Patients eligible for Hospital-at-Home are those who would usually need admission in a hospital general ward.

Quro Medical works closely with each patient and his or her treating doctor to develop a personalised treatment plan that can be delivered at home. During treatment, a patient's medical needs may change and, if necessary, treatment plans would be amended accordingly. The Quro Medical clinical team schedules regular home visits, daily or more frequently, depending on individual need, to deliver the treatment and care required. Other channels are also available that give patients access to advice and support outside of home visits.

Elements of care provided through the Hospital-at-Home service:

- Your doctor can monitor your condition day and night using digital technology. Additionally the service provides real-time hospital-grade monitoring at home by continuously collecting vital sign data (usually monitored in the hospital) wirelessly and automatically, and this data is closely monitored by a team of healthcare professionals in a 24-hour medical command centre

- Intravenous therapy
- In-person and virtual visits
- Skilled nursing
- Access to laboratory services, allied healthcare services e.g. physiotherapy, and short-term oxygen
- Rapid response protocols – if a patient's condition should worsen during treatment, the clinical team from Quro Medical will identify such changes and make the necessary arrangements, which may include an increase in visits, early review by the treating doctor and, rarely, transfer to hospital

Benefits of Hospital-at-Home

- Faster recovery and a better healthcare experience
- Care tailored towards the member's individual needs
- Recovery in a comfortable and familiar environment
- Fewer health complications and re-admission

This service will be funded from members' Alternatives to Hospital benefit in line with hospital benefit management protocols. At home treatment and monitoring is an alternative to a hospital admission and requires the consent of the patient. Members can either be referred to Quro Medical by their treating doctor, or they can request this service from their doctor when general ward admission is considered, or when they wish to be relocated to the home earlier during a hospital admission. Please note that this service needs to be pre-authorised and approved through the hospital pre-authorisation process by emailing preauth@medshield.co.za.

This is just the latest innovation that the Scheme has added to ensure our members always have access to safe, convenient and quality care when they need it most.

For more information, please call **Hospital Benefit Management** on **086 000 2121** and follow the prompts.

Major Medical Benefits: In-Hospital

Chronic Medicine Benefits

DO

Contact the Managed Healthcare Provider on 086 000 2120 (+27 10 597 4701). Always remember that Medication needs to be obtained from a MediCurve Chronic Network Pharmacy.

DON'T

30% Upfront co-payment will apply in the following instances:

- Out-of-formulary medication voluntarily obtained.
- Medication voluntarily obtained from a non-MediCurve Chronic Network Pharmacy.

BENEFIT CATEGORY	BENEFIT LIMIT AND COMMENTS
<ul style="list-style-type: none"> • The use of a MediCurve Chronic Network Pharmacy is applicable from Rand one. • Supply of medication is limited to one month in advance. 	<p>Limited to PMB only. Medicine will be approved in line with the Medshield Formulary and is applicable from Rand one. 30% upfront co-payment for voluntary use of a non-MediCurve Chronic Network Pharmacy.</p>

How to apply for your Chronic Medicine

If you have been diagnosed with a chronic condition you will require long-term medication. It is important to register your chronic medication so the payment of your medicine can be covered from your Chronic Medicine benefit and not your Day-to-Day allocation or Savings.

Follow these easy steps:

STEP 1

Your doctor or Pharmacist can call Mediscor on **086 000 2120** (Choose option 3 and then option 1) or email **medshieldauths@mediscor.co.za**.

You will need the following information:

- Membership details: Benefit Option name and your membership number
- Patient details: Name, Dependant code (on the back of your membership card) and date of birth
- Your Doctor's details: Initials, surname and practice number
- Diagnosis details: What chronic condition has been diagnosed and the ICD-10 code
- Prescribed medicine: Medicine name, strength and dosing frequency

If additional information or a motivation is required, we will contact you and/or your treating doctor.

STEP 2

Your registration will be evaluated in line with the Scheme Rules and Protocols by in-house qualified and registered pharmacists and pharmacy assistants.

Your application will be processed according to the formularies appropriate for the condition and Benefit Option.

Different types of formularies apply to the conditions covered under the various Benefit Options. You can check online if your medication is on the formulary for your

Benefit Option by visiting www.mediscor.co.za/search-client-medicine-Formulary/. If your medicine is not on the formulary for your Benefit Option you can ask your doctor if there is an alternative available that is on the formulary otherwise you will be liable for an upfront co-payment.

STEP 3

You will receive a standard medicine authorisation and treatment letter once your application for chronic medication have been processed.

If your registration requires additional test results or a motivation, you should follow up with your treating Doctor to provide this information.

STEP 4

Take your script to the Chronic Medicine Designated Service Provider (DSP) Network for your Benefit Option and collect your medicine or have it delivered to your home.

Especially for Medshield MOMs

Motherhood is so much more than giving birth to a child. It's loving and knowing a soul before you even see it. It's carrying and caring for a life completely dependent on you for survival. It's giving air to the lungs that grew within you, and sight to the eyes that will look to you for answers to life's questions.

The Medshield MOM dedicated website will assist women on their journey to motherhood, through all the various stages of pregnancy, birth and postpartum, ensuring that parents and parents-to-be are aware of the pregnancy-related benefits they enjoy as Medshield members.

The website, www.medshieldmom.co.za is an easy-to-use online resource to access a hub of important content related to health, fitness, nutrition, the body, motherhood, babies, toddlers and more, all suited to the pre- and post-partum phases.

A guide on your journey from **beginning** to **end**

Advice formulated by **professionals**

Emails with updates on the **size & development** of your **unborn child**

Convenient, easily accessible and **reliable** pregnancy resources

Email reminders to schedule appointments with your doctor and to apply for hospital pre-authorisations etc.

Endorsed by ambassadors

Toddler benefit which incorporates information relating to child immunisation, child nutrition, a **24/7 nurse helpline** and digital/online child yoga

Moms may register and input the particular week of their pregnancy journey, and they will start receiving content based on that specific time frame and moving forward.

The Medshield MOM bags are locally manufactured, using sustainable, recycled material. These unique bags are packed with fantastic Bennetts products for your little one. Moms can get in touch with us during their third trimester to book a bag. Email medshieldmom@medshield.co.za with your request, membership number, contact details and delivery address.

The Bennetts and Medshield MOM partnership also brings you incredible content and information to assist you along your journey.

Medshield walks the pregnancy journey alongside our moms. A health cover partner that is committed to mom care and new life, ensuring that the next generation of South Africans are all born healthy, happy and stay that way.

Out-of-Hospital Benefits

Simplified Out-of-Hospital services subject to the Overall Annual Limit unless otherwise stated.

BENEFIT CATEGORY	BENEFIT LIMIT AND COMMENTS
<p>FAMILY PRACTITIONER CONSULTATIONS AND VISITS</p> <p>FP consultations and visits can be accessed in-person, telephonically or virtually. Each beneficiary must nominate ONE Family Practitioner from the MediCurve Family Practitioner (FP) Network. The MediCurve FP Network is applicable from Rand one.</p> <ul style="list-style-type: none"> • Registered Chronic beneficiaries extended FP consultations and visits. Chronic Disease List applies. 	<p>Unlimited.</p> <p>R100 upfront co-payment per visit.</p> <p>2 per beneficiary from the Overall Annual Limit. Subject to registering on the relevant Disease Management Programme. The use of the MediCurve Family Practitioner Network applies.</p>
<p>NON-NOMINATED FAMILY PRACTITIONER (FP) CONSULTATIONS AND VISITS</p> <p>When you have not consulted your nominated FP.</p>	<p>2 visits per family per annum.</p> <p>R100 upfront co-payment, thereafter an additional 40% upfront co-payment will apply.</p>
<p>MEDICINES AND INJECTION MATERIAL</p> <ul style="list-style-type: none"> • Acute medicine Must be prescribed by the nominated FP and Medshield formularies apply. Subject to the use of the Medshield Pharmacy Network. • Pharmacy Advised Therapy (PAT) Limited to Schedules 0, 1 and 2 medicine advised and dispensed by a Pharmacist. The use of the Medshield Pharmacy Network applies. 	<p>R610 per family per annum.</p> <p>R10 upfront co-payment per medicine line item.</p> <p>R385 per family. Limited to R110 per script, 1 script per beneficiary per day.</p>

Visit your Doctor without leaving your home!

VIRTUAL FAMILY PRACTITIONER CONSULTATION

You can now consult with a qualified Family Practitioner (FP) via computer, smartphone or tablet from the comfort of your home or private space - all you need is an internet connection!

Our partnership with Intercare gives all members reliable and secure access to video consultation with a FP through our Virtual FP Consultation portal on the home page of the Medshield website.

HOW DOES IT WORK?

STEP 1

Click on the link on the Medshield home page at www.medshield.co.za and follow the Virtual Family Practitioner Consultation link. (see image below)

You can also use the Medshield App. A SmartCare icon is available under Member Tools. Select SmartCare and a new screen will open with the Virtual Consultation link.

The Medshield Member App is available for download from the relevant Apple IOS, Android or Huawei store.

STEP 2

Once you followed the link you need to enter the patient details on a virtual form. After submitting the form a system check confirms that you are a valid member and that you have benefits available. Your benefits is included in your Family Practitioner: Out-of-Hospital benefits for your Benefit Option.

STEP 3

You will receive a SMS with an OTP on the number you have entered on the form. By entering the OTP, you consent to the Virtual Consultation and you will be placed in a queue for the next available Doctor to consult with you.

STEP 4

During the consultation the Family Practitioner might suggest a sick note, or prescribe medicine and will email this to you to the address you added in Step 2 on the Patient Detail form.

STEP 5

Please note that only scripts up to and including Schedule 4 medication may be e-mailed to a patient. Higher scheduled medicine will only be accepted by pharmacies enabled with electronic scripting. The consulting Doctor can provide further guidance.

Out-of-Hospital Benefits

BENEFIT CATEGORY	BENEFIT LIMIT AND COMMENTS

SmartCare Benefits

BENEFIT CATEGORY	BENEFIT LIMIT AND COMMENTS
PHARMACY/CLINIC PRIVATE NURSE PRACTITIONER CONSULTATIONS The use of the SmartCare Pharmacy Network compulsory from Rand one.	Unlimited.
NURSE-LED VIDEOMED FAMILY PRACTITIONER (FP) CONSULTATIONS Subject to the use of the SmartCare Family Practitioner (FP) Network.	Unlimited.

SmartCare

SmartCare provides access to Videomed, telephone and video consultation through specified healthcare practitioners. **SmartCare** is an evolving healthcare benefit that is designed around offering members the convenience of easy access to care.

SMARTCARE SERVICES:

Acute consultations:

Chest and upper respiratory tract infections, urinary tract infections, eye and ear infections etc.

Chronic consultations:

Medicine and repeat prescriptions for high blood pressure, diabetes, high cholesterol etc. Members are then encouraged to use the Medshield Chronic Medicine Courier Service DSP to deliver their chronic medicine straight to their home or workplace.

Terms & Conditions: No children under the age of 2 may be seen for anything other than a prescription for a routine immunisation. No consultations related to mental health. No treatment of emergency conditions involving heavy bleeding and/or trauma. No treatment of conditions involving sexual assault. **SmartCare** services cannot provide Schedule 5 and up medication. Over-the-Counter (OTC) and prescription medication is subject to the Pharmacy Advised Therapy Script Limit as per the Scheme Rules and chosen benefit option. Clinics trading hours differs and are subject to store trading hours.

Wellness Benefits

Your Wellness Benefit encourages you to take charge of your health through preventative tests and procedures. At Medshield we encourage members to have the necessary tests done at least once a year. Wellness Benefits are subject to the use of Pharmacies that are included in your benefit options' Pharmacy Network, available at www.medshield.co.za.

Unless otherwise specified, benefits are subject to the Overall Annual Limit, thereafter subject to the Day-to-Day Limit, excluding consultations for the following services:

BENEFIT CATEGORY	BENEFIT LIMIT AND COMMENTS
Birth Control (Contraceptive Medication) Only applicable if no intrauterine devices and alternatives are used. Prescribed Minimum Benefits (PMB)

Introduction

All Medshield members are entitled to cover for Prescribed Minimum Benefits (PMBs), irrespective of your chosen benefit option. Medshield covers the cost of treatment for a PMB, provided that the services are rendered by a provider that is one of Medshield's Designated Service Providers (DSP) and according to the Scheme Rules.

This document provides detailed information on how Medshield covers PMBs, both if you are admitted to hospital (In-Hospital) or receive treatment without being admitted to hospital (Out-of-Hospital).

Please note that PMBs have specific requirements according to the Scheme Rules, and these vary depending on your chosen benefit option. It is therefore important that you take note of your benefit option and the PMB requirements pertaining to your option, as detailed in this Guide.

What is a Prescribed Minimum Benefit (PMB)?

The Medical Schemes Act 131 of 1998 stipulates that all medical schemes have to cover the costs related to the diagnosis, treatment and care of the following:

1. Any life-threatening medical emergency
2. A defined set of 26 Chronic Disease List (CDL) conditions
3. 271 DTP diagnoses

The Council of Medical Schemes website at www.medicalschemes.co.za/resources/pmb/ provides the list of conditions identified as Prescribed Minimum Benefits.

Explaining the various terms and what they mean when talking PMB's

TERM	DESCRIPTION AS IT RELATES TO PMBs
Care Plan	A plan with details of approved treatment, Doctor visits, pathology, radiology etc. to treat your condition. For the 26 CDL conditions and the 271 DTP (Non-CDL conditions) an annual Care Plan will be generated upon approval of a PMB application. The PMB application form is available on www.medshield.co.za . Important: If you need additional treatment or benefits than what is stipulated on the Care Plan, you need to apply to the Scheme. (Please refer to the 'Your Medshield Cover for PMB' section of this document for more details per benefit option).
CDL Chronic Disease List	A defined list of 26/27 chronic conditions that we cover according to the Medical Schemes Act.
Co-payment	This is an amount that you need to pay towards a healthcare service/or treatment. <ul style="list-style-type: none"> • A co-payment can be levied on specific procedures/services/treatment, and is specified in your specific option's benefit guide available on www.medshield.co.za. • A co-payment is also the difference between the cost of the service provider and the amount the Scheme pays, as detailed in your option's benefit guide. To minimise co-payments it is important that you obtain healthcare services from the dedicated DSPs on the various networks for your chosen benefit option, available on www.medshield.co.za .
Day-to-Day Limit	The Day-to-Day limit is an allocation to members from Risk. The Day-to-Day limit is available on the MediBonus, MediPlus Prime & Compact, MediValue Prime and Compact and the MediPhila benefit options.
DSP Designated Service Providers	Each benefit option has specific networks of Designated Service Providers, which are healthcare providers (such as doctors, specialists, pharmacies, hospitals, optometrists and dentists) who provide treatment to Medshield members at a contracted rate. You are encouraged to use only these DSP's for healthcare services to ensure that you don't have to pay co-payments. Visit www.medshield.co.za and click on Member Networks under the Member tab or click on Networks on the Medshield app to view the full list of DSPs per benefit option.
DTP Diagnosis and Treatment Pair	A Diagnosis and Treatment Pair links a specific diagnosis to a treatment based on best practice healthcare and affordability of the treatment, and broadly indicates how these 271 DTP PMB conditions should be treated. Should there be a disagreement about the treatment of a specific case, the standards (also called practice and protocols) in force in the public sector will be applied.
Hospital Plan	Medshield's Hospital Plan (MediCore & MediSwift) do not have a Savings or Day-to-Day Limit.

TERM	DESCRIPTION AS IT RELATES TO PMBs
In-Hospital	Treatment received whilst admitted in a hospital.
ICD-10	ICD-10 code is an international diagnostic coding standard owned and maintained by the World Health Organisation (WHO).
Out-of-Hospital	Treatment received without being admitted to a hospital.
PMB	The Medical Schemes Act 131 of 1998 stipulates that all medical schemes have to cover the costs related to the diagnosis, treatment and care of a defined list of conditions. These conditions are available on the Council for Medical Schemes' website at www.medicalschemes.co.za/resources/pmb/ .
PMB Level of Care	The treatment needed for your PMB condition, based on the guidelines and established practices at most public hospitals or government facilities.
Risk (OAL)	The Scheme covers the costs, and it is not taken from your benefits as shown on your option's benefit guide.
Related Claims	Any claim from a healthcare service provider other than the hospital account, for one specific healthcare event and treatment/services that stems from that event.
Savings	Personal Medical Saving Account consist of actual contributions received from members. These are available on the PremiumPlus and MediSaver benefit options.
Scheme Rules	According to the Medical Schemes Act, the Scheme Rules of a medical scheme shall be binding on both the Scheme and its members. The Rules contain the exact details of benefits payable by the medical scheme and include the specific benefits pertaining to each benefit option, the rate of reimbursement, sub-limits or co-payments that may apply, exclusions, the use of DSPs etc. All medical scheme memberships are governed by the Rules of the medical scheme that regulate the relationship with all members equally. The Scheme Rules can be requested via the Medshield website on www.medshield.co.za .

Important checklist about accessing benefits for a PMB condition

- The condition must qualify as a PMB and must be on the Chronic Disease List or 271 DTP, or a life-threatening medical emergency
- When diagnosed your treatment must match those in the defined benefits available on the PMB list. Check whether your chosen benefit option qualifies as PMB Level of Care payment or PMB, as some options allow richer treatment than what is specified as PMB Level of Care
- It is important to use the Designated Service Providers as specified on your chosen benefit option. If your option has preferred networks for chronic medicine, hospitals, pharmacies or healthcare providers, you have to obtain services from those providers otherwise you might be liable for a portion or the whole cost, or it might pay from your Day-to-Day allocation or Savings portion
- Scheme Rules apply – even if your condition is identified as a PMB you have to follow the rules as set out by your benefit option
- Review the requirements in this Guide to ensure you complete a PMB application form when required

Your Medshield Cover for a PMB

PMB cover can be divided into 2 groups:

1. In-Hospital admissions for the treatment of a PMB
2. Out-of-Hospital management of a PMB condition

1. In-Hospital admissions for the treatment of a PMB

If you are diagnosed with a PMB condition that requires hospitalisation, you have to follow the Medshield hospital authorisation process. All costs for stay and treatment has negotiated rates so it is important for you to use a hospital that is part of the Hospital Network on your chosen benefit option. Specialist services obtained whilst admitted is paid at the Scheme rate. If the Scheme rate does not cover the full amount of the claim, you need to apply to the Scheme and request that the Specialists rate be paid at cost instead of the Scheme rate via pmbapplications@medshield.co.za. The Scheme will review the request and might request additional information.

2. Out-of-Hospital treatment and management of a PMB

26 CDL CONDITIONS

If you have been diagnosed with a condition that forms part of the CDL list:

- Apply to Mediscor to obtain authorisation. Contact details are available on the Scheme website at www.medshield.co.za.
- If your condition changes or you require additional treatment after the treatment on your Care Plan has been used, you need to complete a PMB Application form together with your treating provider to obtain authorisation and approval. The PMB Application form is available under the member tab of on the Scheme website at www.medshield.co.za.
- If approved, you will receive a new Care Plan with the additional treatment specified.

It is important to note that payment for these conditions are benefit option specific:

- **MediBonus, MediPlus Prime and Compact, MediValue Prime and Compact, MediPhila**
The Day-to-Day limit on your benefit option or plan is an allocation given to members from Risk. Therefore a PMB will pay from your Day-to-Day limit until it is depleted then pay from Risk until the allocated services on your Care Plan has been used. If you require additional services that is not listed on the Care Plan, you together with your treating provider, need to complete a new PMB Application form. (Clinical Protocols apply).
- **PremiumPlus, MediSaver**
Personal Medical Savings Accounts consist of actual contributions received from members, and therefore the costs of the treatment detailed on the Care Plans are paid directly from Risk (OAL). If a member has paid out of pocket for services that was approved and appear on the Care Plan, then the member can request the Scheme to reprocess those claims. It is important to note that this applies only to the services listed on the approved Care Plan.
- **MediCore, MediCurve and MediSwift**
The costs of the treatment detailed on the Care Plans are paid directly from Risk (OAL).
For additional treatment members need to complete a PMB application form.

271 DTP CONDITIONS

- Members on all options that has been diagnosed with a DTP condition need to, together with their treating doctor, complete a PMB application form with details of treatment required.
- If you do not complete a PMB Application form the treatment will be paid from your available Day-to-Day or Savings, and if depleted you will be liable for the costs.
- Submit the PMB Application form to pmbapplications@medshield.co.za.
- Once clinically reviewed and approved you will receive a Care Plan (treatment plan) which details the approved treatment that are covered for your condition.

COVID-19 as a PMB

Covid-19 is included under the respiratory DTP PMB conditions. When you suspect that you have COVID-19, you will most likely go to a doctor to be diagnosed and after the consultation may be required to do a COVID-19 PCR or SARS-CoV-2 Antigen test. You will need to be referred by a registered healthcare practitioner (Doctor or Nurse) in order to access this benefit and payment will be accorded as per the Scheme Rules. Please note that your cover includes either a PCR or an Antigen test, but not both in one diagnosis. This is a pathology test and the results will be either positive or negative.

COVID-19 Access to Care

<p>COVID-19 PCR Test OR Antigen Tests (Please refer to the Medshield PMB Guide for more detail)</p>	<ul style="list-style-type: none"> 1st COVID PCR or Antigen test included in Overall Annual Limit (OAL), whether the result is positive or negative. (Please read below as well) 2nd and subsequent negative PCR or Antigen tests are paid from your Savings or Day-to-Day limit. If these are depleted you will be liable to pay out-of-pocket for these tests. Please note for reimbursement you would need to have been referred for testing by a registered healthcare practitioner (Doctor or Nurse) due to having signs and symptoms attributable to a COVID-19 infection. The aforementioned excludes tests for travel purposes. 2nd and subsequent positive PCR or Antigen tests are funded from your available Day-to-Day benefit or Savings first, and if depleted from OAL because a positive result is PMB eligible. You should email the positive results to member@medshield.co.za and then the pathology test will retrospective be paid as a PMB from Risk. You need to complete a PMB Application form to apply for related benefits to be paid from Risk (Clinical Protocols apply). Please note for reimbursement you would need to have been referred for testing by a registered healthcare practitioner (Doctor or Nurse) due to having signs and symptoms attributable to COVID-19 infection. The aforementioned excludes tests for travel purposes and non-symptomatic COVID-19 infections. <ul style="list-style-type: none"> The Day-to-Day limit is an allocation to members from Risk. Therefore the COVID-19 treatment as a PMB will pay from your Day-to-Day limit until it is depleted and will then continue to pay from Risk (OAL). You need to complete a PMB Application form to apply for related benefits to be paid from Risk otherwise you might be responsible to settle the costs once your Day-to-Day benefit is depleted (Clinical Protocols apply). Personal Medical Savings Accounts consist of actual contributions received from members, and therefore the costs of 2nd, and subsequent, positive tests will be retrospectively reviewed for possible reimbursement to the Savings account. You need to complete a PMB Application form to apply for related benefits to be paid from Risk (Clinical Protocols apply).
<p>Telephonic and Video Doctor Consultations</p>	<ul style="list-style-type: none"> Safe consultation with your Family Practitioner Access to current Doctors via remote consultation (telephonic and video) Pays from available Family Practitioner Consultations and Visits: Out-of-Hospital benefit
<p>Video and Nurse Consultations</p> <p>SmartCare</p>	<ul style="list-style-type: none"> SmartCare covers members for Nurse-led and Videomed doctor consultations Available benefit on all Medshield 2024 benefit options A one-stop healthcare facility that is convenient, quick and efficient The amount of visits and Videomed consultations are dependent on the member's chosen benefit option Available at any SmartCare-enabled clinic or pharmacy in South Africa The list of SmartCare enabled clinics are available on the Medshield website at www.medshield.co.za/medshield-networks/
<p>Online assessments and consultations</p> <p>SmartCare WhatsApp Doc</p>	<ul style="list-style-type: none"> Free mobile doctors consultations Assessments for COVID-19 Available to all Medshield members WhatsApp 'Hi' to 087 250 0643 Monday to Friday 9am – 5pm and Saturday 9am – 1pm Calls charged at local call rates

<p>Flu Vaccine</p>	<ul style="list-style-type: none"> Paid from Wellness Benefit Available to adults older than 18 years Available at Medshield Pharmacy Network providers, Clicks Pharmacies and selected SmartCare Clinics Visit the website at www.medshield.co.za/medshield-networks/ for a list of providers
<p>Pneumococcal Vaccine</p>	<ul style="list-style-type: none"> High-risk members Seniors over 60 years of age Pre-existing conditions e.g. heart conditions, lung conditions, chronic renal disease, Diabetes and immuno-compromised members Available on Wellness Benefit (excluding MediPhila members)

Addendum A

INFERTILITY INTERVENTIONS AND INVESTIGATIONS

Limited to interventions and investigations as prescribed by the Regulations to the Medical Schemes Act 131 of 1998 in Addendum A paragraph 9, code 902M. This benefit will include the following procedures and interventions:

Hysterosalpinogram	Rubella
Laparoscopy	HIV
Hysteroscopy	VDRL
Surgery (uterus and tubal)	Chlamydia
Manipulation of the ovulation defects and deficiencies	Day 21 Progesteron
Semen analysis (volume, count, mobility, morphology, MAR-test)	Basic counselling and advice on sexual behaviour
Day 3 FSH/LH	Temperature charts
Oestradiol	Treatment of local infections
Thyroid function (TSH)	Prolactin

Addendum B

ROUTINE DIAGNOSTIC ENDOSCOPIC PROCEDURES (CO-PAYMENTS WILL APPLY IN-HOSPITAL*)

Hysteroscopy	Oesophageal motility studies
Upper and lower gastro-intestinal fibre-optic endoscopy	Fibre optic Colonoscopy
24 hour oesophageal PH studies	Sigmoidoscopy
Cystoscopy	Urethroscopy
Colposcopy (excluding after-care)	Oesophageal Fluoroscopy

Note: *No co-payment applicable In-Hospital for children 8 years and younger. The above is not an exhaustive list.

Exclusions

Alternative Healthcare Practitioners

Herbalists;
Therapeutic Massage Therapy (Masseurs);
Aromatherapy;
Ayurvedics;
Iridology;
Reflexology.

Appliances, External Accessories and Orthotics

Appliances, devices and procedures not scientifically proven or appropriate;
Back rests and chair seats;
Bandages and dressings (except medicated dressings and dressings used for a procedure or treatment);
Beds, mattresses, pillows and overlays;
Cardiac assist devices – e.g. Berlin Heart (unless PMB level of care, DSP applies);
Diagnostic kits, agents and appliances unless otherwise stated (except for diabetic accessories) (unless PMB level of care);
Electric tooth brushes;
Humidifiers;
Ionizers and air purifiers;
Orthopaedic shoes and boots, unless specifically authorised and unless PMB level of care;
Pain relieving machines, e.g. TENS and APS;
Stethoscopes;
Oxygen hire or purchase, unless authorised and unless PMB level of care;
Exercise machines;
Insulin pumps unless specifically authorised;
CPAP machines, unless specifically authorised;
Wearable monitoring devices.

Blood, Blood Equivalents and Blood Products

Hemopure (bovine blood), unless acute shortage of human blood and blood products for acutely anemic patients.

Dentistry

Exclusions as determined by the Scheme's Dental Management Programme:

Preventative Care

Oral hygiene instruction;
Oral hygiene evaluation;
Professionally applied fluoride is limited to beneficiaries from age 5 and younger than 13 years of age;
Tooth Whitening;
Nutritional and tobacco counselling;
Cost of prescribed toothpastes, mouthwashes (e.g. Corsodyl) and ointments;
Fissure sealants on patients 16 years and older.

Fillings/Restorations

Fillings to restore teeth damaged due to toothbrush abrasion, attrition, erosion and fluorosis;
Resin bonding for restorations charged as a separate procedure to the restoration;
Polishing of restorations;
Gold foil restorations;
Ozone therapy.

Root Canal Therapy and Extractions

Root canal therapy on primary (milk) teeth;
Direct and indirect pulp capping procedures.

Plastic Dentures/Snoring Appliances/Mouth guards

Diagnostic dentures and the associated laboratory costs;
Snoring appliances and the associated laboratory costs;
The laboratory cost associated with mouth guards (The clinical fee will be covered at the Medshield Dental Tariff where managed care protocols apply);
High impact acrylic;
Cost of gold, precious metal, semi-precious metal and platinum foil;
Laboratory delivery fees.

Partial Metal Frame Dentures

Metal base to full dentures, including the laboratory cost;
High impact acrylic;
Cost of gold, precious metal, semi-precious metal and platinum foil;
Laboratory delivery fees.

Crown and Bridge

Crown on 3rd molars;
Crown and bridge procedures for cosmetic reasons and the associated laboratory costs;
Crown and bridge procedures where there is no extensive tooth structure loss and associated laboratory costs;
Occlusal rehabilitations and the associated laboratory costs;
Provisional crowns and the associated laboratory costs;
Emergency crowns that are not placed for immediate protection in tooth injury, and the associated laboratory costs;
Cost of gold, precious metal, semi-precious metal and platinum foil;
Laboratory delivery fees;
Laboratory fabricated temporary crowns.

Implants

Dolder bars and associated abutments on implants' including the laboratory cost;
Laboratory delivery fees.

Orthodontics

Orthodontic treatment for cosmetic reasons and associated laboratory costs;
Orthodontic treatment for a member or dependant younger than 9 and older than 18 years of age;
Orthodontic re-treatment and the associated laboratory costs;
Cost of invisible retainer material;
Laboratory delivery fees.

Periodontics

Surgical periodontics, which includes gingivectomies, periodontal flap surgery, tissue grafting and hemisection of a tooth for cosmetic reasons;
Perio chip placement.

Maxillo-Facial Surgery and Oral Pathology

The auto-transplantation of teeth;
Sinus lift procedures;
The closure of an oral-antral opening (item code 8909) when claimed during the same visit with impacted teeth (item codes 8941, 8643 and 8945);
Orthognathic (jaw correction) surgery and any related hospital cost, and the associated laboratory costs.

Hospitalisation (general anaesthetic);

Where the reason for admission to hospital is dental fear or anxiety;
 Multiple hospital admissions;
 Where the only reason for admission to hospital is to acquire a sterile facility;
 The cost of dental materials for procedures performed under general anaesthesia.

The Hospital and Anaesthetist Claims for the following procedures will not be covered when performed under general anaesthesia

Apicectomies;
 Dentectomies;
 Frenectomies;
 Conservative dental treatment (fillings, extractions and root canal therapy)
 In-Hospital for children above the age of 6 years and adults;
 Professional oral hygiene procedures;
 Implantology and associated surgical procedures;
 Surgical tooth exposure for orthodontic reasons.

Additional Scheme Exclusions

Special reports;
 Dental testimony, including dentolegal fees;
 Behaviour management;
 Intramuscular and subcutaneous injections;
 Procedures that are defined as unusual circumstances and procedures that are defined as unlisted procedures;
 Appointments not kept;
 Treatment plan completed (code 8120);
 Electrognathographic recordings, pantographic recordings and other such electronic analyses;
 Caries susceptibility and microbiological tests;
 Pulp tests;
 Cost of mineral trioxide;
 Enamel microabrasion.
 Dental procedures or devices which are not regarded by the relevant Managed Healthcare Programme as clinically essential or clinically desirable;
 General anaesthetics, moderate/deep sedation and hospitalisation for dental work, except in the case of patients under the age of 6 years or with bony impaction of the third molars/impacted/wisdom teeth, no benefit.

Hospitalisation

If application for a pre-authorisation reference number (PAR) for a clinical procedure, treatment or specialised radiology is not made or is refused, no benefits are payable;
 Accommodation and services provided in a geriatric hospital, old age home, frail care facility or similar institution (unless specifically provided for in Annexure B) (unless PMB level of care, then specific DSP applies);
 Nursing services or frail care provided other than in a hospital shall only be available if pre-authorised by a Managed Health Care Provider;
 Frail care services shall only be considered for pre-authorisation if certified by a medical practitioner that such care is medically essential and such services are provided through a registered frail care centre or nurse;
 Hospice services shall only be paid for if provided by an accredited member of the Hospice Association of Southern Africa and if pre-authorised by a Managed Health Care Provider.

Infertility

Medical and surgical treatment, In Vitro Fertilisation (IVF) which is not included in the Prescribed Minimum Benefits in the Regulations to the Medical Schemes Act 131 of 1998, Annexure A, Paragraph 9, Code 902M;
 Vasovasostomy (reversal of vasectomy);
 Salpingostomy (reversal of tubal ligation).

Maternity

3D and 4D scans (unless PMB level of care, then DSP applies);
 Caesarean Section unless clinically appropriate.

Medicine and Injection Material

Anabolic steroids and immunostimulants (unless PMB level of care, DSP applies);
 Cosmetic preparations, emollients, moisturizers, medicated or otherwise, soaps, scrubs and other cleansers, sunscreen and sun tanning preparations, medicated shampoos and conditioners, except for the treatment of lice, scabies and other microbial infections and coaltar products for the treatment of psoriasis;
 Erectile dysfunction and loss of libido medical treatment (unless caused by PMB associated conditions subject to Regulation 8);
 Food and nutritional supplements including baby food and special milk preparations unless PMB level of care and prescribed for malabsorptive disorders and if registered on the relevant Managed Healthcare Programme; or for mother to child transmission (MTCT) prophylaxis and if registered on the relevant Managed Healthcare Programme;
 Injection and infusion material, unless PMB and except for outpatient parenteral treatment (OPAT) and diabetes;
 The following medicines, unless they form part of the public sector protocols and specifically provided for in Annexure B and are authorised by the relevant Managed Healthcare Programme:
 Maintenance Rituximab or other monoclonal antibodies in the first line setting for haematological malignancies unless used for Diffuse large B-cell lymphoma in which event DSP applies (unless PMB level of care, DSP applies);
 Liposomal amphotericin B for fungal infections (unless PMB level of care, DSP applies);
 Protein C inhibitors, for septic shock and septicemia (unless PMB level of care, DSP applies);
 Any specialised drugs that have not convincingly demonstrated a survival advantage of more than 3 months in metastatic malignancies in all organs for example sorafenib for hepatocellular carcinoma, bevacizumab for colorectal and metastatic breast cancer (unless PMB level of care, DSP applies). Avastin for the treatment of Macular Degeneration is not excluded, however DSP applies;
 Lucentis, Eylea and Ozurdex for the treatment of Vitreoretinal conditions is not excluded, unless stipulated in Annexure B (DSP applies);
 Trastuzumab for the treatment of HER2-positive early breast cancer that exceeds the dose and duration of the 9 week regimen as used in ICON protocol (unless PMB level of care, DSP applies);
 Trastuzumab for the treatment of metastatic breast cancer (unless PMB level of care or included in the ICON protocol applicable to the member's option, DSP applies).
 Medicines not included in a prescription from a medical practitioner or other Healthcare Professional who is legally entitled to prescribe such medicines (except for schedule 0,1 and 2 medicines supplied by a registered pharmacist);
 Medicines for intestinal flora;
 Medicines defined as exclusions by the relevant Managed Healthcare Programme;
 Medicines and chemotherapeutic agents not approved by the SAHPRA (South African Health Products Regulatory Authority) unless Section 21 approval is obtained and pre-authorised by the relevant Managed Healthcare Programme;
 Medicines not authorised by the relevant Managed Healthcare Programme;
 Patent medicines, household remedies and proprietary preparations and preparations not otherwise classified;
 Slimming preparations for obesity;
 Smoking cessation and anti-smoking preparations unless pre-authorised by the relevant Managed Healthcare Programme;

Tonics, evening primrose oil, fish liver oils, multi-vitamin preparations and/or trace elements and/or mineral combinations except for registered products that include haemotonic and products for use for:

Infants and pregnant mothers;

Malabsorption disorders;

HIV positive patients registered on the relevant Managed Healthcare Programme.

Biological Drugs, except for PMB level of care and when provided specifically in Annexure B. (DSP applies);

All benefits for clinical trials unless pre-authorized by the relevant Managed Healthcare Programme;

Diagnostic agents, unless authorised and PMB level of care;

Growth hormones, unless pre-authorized (unless PMB level of care, DSP applies);

Immunoglobulins and immune stimulents, oral and parenteral, unless pre-authorized (unless PMB level of care, DSP applies);

Erythropoietin, unless PMB level of care;

Medicines used specifically to treat alcohol and drug addiction. Pre-authorization required (unless PMB level of care, DSP applies);

Imatinib mesylate (Gleevec) (unless PMB level of care, DSP applies);

Nappies and waterproof underwear;

Oral contraception for skin conditions, parenteral and foams.

Mental Health

Fraud

Fraud presents a significant risk to the Scheme and members. The dishonesty of a few individuals may negatively impact the Scheme and distort the principles and trust that exist between the Scheme and its stakeholders. Fraud, for practical purposes, is defined as a dishonest, unethical, irregular, or illegal act or practice which is characterised by a deliberate intent at concealment of a matter of fact, whether by words, conduct, or false representation, which may result in a financial or non-financial loss to the Scheme. Fraud prevention and control is the responsibility of all Medshield members and service providers so if you suspect someone of committing fraud, report it to us immediately.
